- Camping Ground: Claire reported that in Feb 2005 the income was \$70 and October 2006 income was \$270. Not sure how to get an accurate reading of people using it unless it was counted each morning.

Rates rebate

- The district is close to the expected level of applications for the rates rebate. However, that does not cover all those that are expected to be eligible.

Recycling

- There is still a process to work through, but it is likely that the recycling bins for Woodville will go by the swimming pool.

Election processing

- The local authority elections are coming up in October. This year the processing of the votes will be undertaken in Christchurch. Voters shouldn't notice any difference, other than that the envelope will be addressed to Christchurch instead of Dannevirke.

Annual Plan

- The draft annual plan was adopted at the March Council meeting, and is now available for public consultation.
- The draft annual plan has an overall rates increase of 7.81%, which is down from 10.39% in the LTCCP.

Class 4 Gambling and TAB Venue Policy

- This policy was adopted unchanged from the draft.
- Claire also reported that the safety matting has been fixed at Fountaine Square.
- Claire has spoken to Eric Bonny re water treatment plant visit and he has agreed but no date has been made. Claire to investigate.
