

Appendix 1: Industries Requiring Segregation

|

INDUSTRIES REQUIRING SEGREGATION

Abattoirs and slaughterhouse	Incinerator works
Acetylene-gas manufacture	Industrial chemicals manufacture
Acids manufacture	Iron works and foundry
Aerosol packers and manufacture	Knacker yards
Aluminium alloy manufacture	Lacquer manufacture
Alkali-waste works	Lamp black manufacture
Ammonia manufacture	Lead works
Ammunition manufacture	Leather tanning
Animal by-products manufacture	Lime manufacture
Asbestos manufacture	Linoleum manufacture
Battery manufacture	Lucerne dehydration
Bearing manufacture	Manure (artificial) manufacture
Briquette manufacture	Meatworks-killing, freezing and packing
Bisulphide of carbon works	Oil distillation and refining
Boiler makers	Oxygen-gas manufacture
Boilingdown works	Paint, varnish, lacquer etc manufacture
Bone crushing	Paper and pulp manufacturers
Bulk storage of asphalt, sand, gravel, tallow, grain, industrial chemicals and scrap metal	Petroleum based products manufacture
Candle manufacture	Plastics manufacture
Celluloid works	Pyridine works
Cement-packing bag cleaning works	Railway workshops
Cement manufacture	Rubber goods manufacture
Chlorine works	Sausage casing manufacture
Coke manufacture	Smelting metals (all types)
Detergent manufacture	Soap manufacture
Distillation of coal, wood and bones	Steel works
Explosive manufacture and storage	Stock yards
Fat rendering	Stone and mineral crushing
Fellmongering	Sulphur-chloride manufacture
Fertilizer works	Sulphur-dioxide manufacture
Fibreglass manufacture	Sulphuric acid works
Fibrous plaster manufacture	Synthetic fuel manufacture
Fireworks manufacture and storage	Tallow-melting and refining
Fire clay products manufacture	Tanning and curing of hides and skins
Fish curing and preserving	Tar manufacture, refining, mixing
Fluorine works	Timber treatment
Fuel oil refining and storage	Turpentine manufacture
Fur curing and tanning	Varnish manufacture
Gas (coal, acetylene, ammonia or similar Manufacture	White lead manufacture
Glass manufacture	Wool scouring
Glue manufacture	Zinc chloride manufacture
Gunpowder manufacture	Zinc works
Gypsum manufacture	
Hydrochloric acid manufacture	

Or any other industry, warehouse, or bulk storage that is, or under any conditions may become, noxious or dangerous in relation to adjacent areas.
