

# **Appendix 12: Construction standards for Access to Roads other than Primary Arterial Roads in the Rural and Settlement Management Areas**

- 12.1 Light Vehicle Access and Heavy Vehicle Access
- 12.2 Farm Entrances
- 12.3 Typical Cross Section through Entrance Way

## 12.1 LIGHT VEHICLE ACCESS AND HEAVY VEHICLE ACCESS

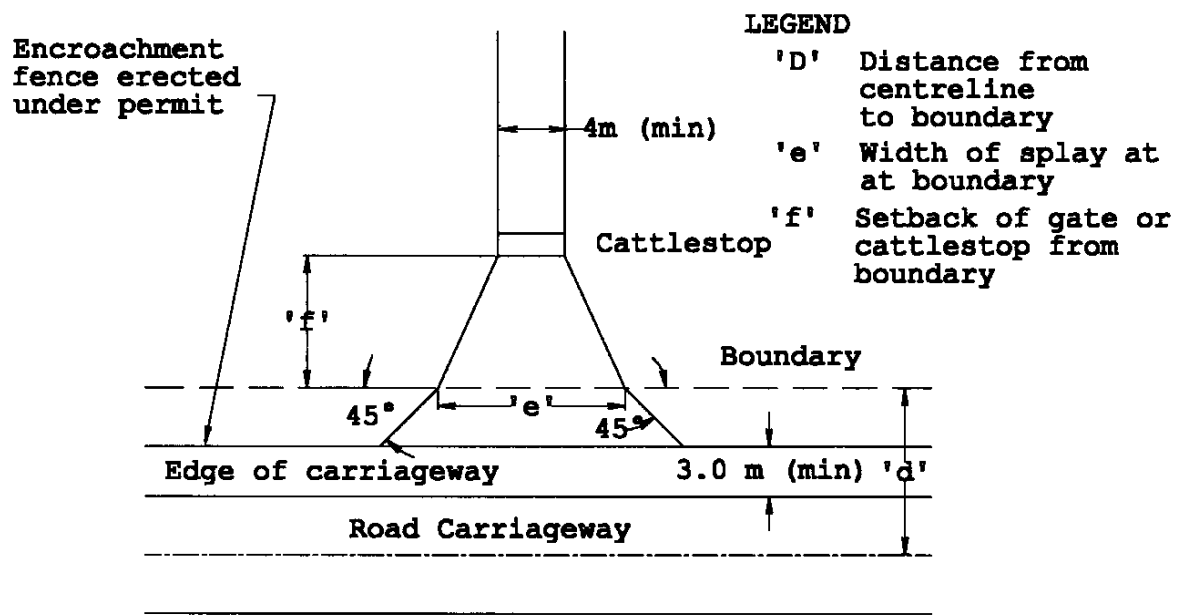

**NB:** Where the road seal width is narrow, the culvert may be located nearer the gate where the watertable can be graded to it, to allow for future road widening.

## 12.2 FARM ENTRANCES

On the next page are the specifications for the ideal standard splayed farm entrance. Read the table below with them.

"d"	"e"	"f"
3	25	16
4	23	15
5	21	14
6	19	13
7	17	12
8	15	11
9	13	10
10	11	9
11	10.2	8
12	9.4	7
13	8.7	6
14	7.9	5
15	7.1	4
16	6.3	3
17	5.6	2
18	4.8	1
19	4.0	0

Construction Standards

### 12.3 TYPICAL CROSS SECTION THROUGH ENTRANCE WAY
