### Application Process

Indicative timeframe to process a renewal application is 6-8 weeks.

You can facilitate your application by providing complete and accurate information.

The District Licensing Committee forwards copies of your application to various reporting agencies before making its licensing decision. If there has been an objection to your application, it will be heard by the District Licensing Committee. Objections will trigger a hearing on your application.

You must apply for a renewal at least 20 working days before the licence expires.

The notice must be published twice\* (not more than ten days and not less than five days apart). You must also display a visible notice on the site of the proposed premises within ten working days after submitting the application.
- Manager's certificate – at all times when alcohol is being sold or supplied to the public, a manager must be on duty and responsible for compliance with the Act and the conditions of the licence. The manager must hold a current manager's certificate.

\* Unless advised otherwise by the Inspector.

## Sale and Supply of Alcohol Act 2012

### The Object of the Act

All applications must be considered in light of the object of the new Act (section 4):

- The sale, supply, and consumption of alcohol should be undertaken safely and responsibly; and
- The harm caused by the excessive or inappropriate consumption of alcohol should be minimised.

Harm includes crime damage, death disease, disorderly behaviour, illness or injury, directly or indirectly caused or directly or indirectly contributed to by the excessive or inappropriate consumption of alcohol. It also includes harm to society generally or the community directly or indirectly contributed to by the excessive or inappropriate consumption of alcohol.

### Design and Layout

Design and layout can help reduce alcohol-related harm occurring within licensed premises. For example, bar layout, seating, sound, lighting, access and a host of other design elements can be used to improve security, reduce tension and improve the atmosphere in licensed areas.

Guidelines and examples on the types of concepts that design and layout could include are contained in Crime Prevention Through Environmental Design (CPTED). Guidelines on CPTED can be obtained through the Health Promotion Agency at <http://www.alcohol.org.nz/resources-research/alcohol-resources/resource-publications>, or from the licensing inspector.

### Amenity and Good Order

- What appropriate systems, staff, and training is in place or will be put in place to ensure compliance with the law.
- Current and possible future noise levels (if relevant what they intend to do to mitigate them).
- Current and possible future levels of nuisance and vandalism (if relevant what they intend to do to mitigate them).
- The number of other licensed premises in the area. Will the granting of this licence increase negative effects in the area?
- The purposes for which land near the premises is being used for, and will that change if the licence is issued?
