

Landowner/occupier consent to operate remotely piloted aerial system over land

Pursuant to Part 101.207 (a)(ii) of the Civil Aviation Rules

Please read this first

This form will be scanned by electronic equipment. It is important that you:

- use a blue or black pen to complete this form; and
- print clearly.

Under Part 101 of the Civil Aviation Rules, operators of RPAS, UAV, UAS, drones, and model aircraft require the consent of the landowner, or any person present on the land to be flown over (land occupier), to fly over that land. This form must be completed and signed by the landowner(s)/land occupier(s) prior to flight.

Permission (Please print in CAPITALS)

List below the landowner(s) and/or land occupiers/persons on the property at the time of the flight.

If permission is being granted with restrictions, please indicate the restrictions.

The undersigned, being the landowner(s) and/or land occupiers of the above property, hereby grant permission to the operator and its agents for the purpose(s) as detailed under 'Operation and data' section of this form.

Conditions of consent

The operator must:

- comply with all rules and regulations applicable to the operation of a remotely piloted aircraft system (including Part 101 of the Civil Aviation Rules and any other applicable rules or any rules and regulations amending or replacing the same);
- comply with the Privacy Commissioner guidelines relating to preserving peoples personal privacy when using a remotely piloted aircraft system;
- not operate the remotely piloted aircraft system within 10 metres of any residential boundaries and buildings;
- not operate the remotely piloted aircraft system within 12 metres of any overhead power or telecommunication cables;
- not fly the remotely piloted aircraft system within 10 metres of any other users of the land it is being operated on;
- not operate the remotely piloted aircraft system within 10 metres of or over any buildings or structures on the land it is being operated on;
- only operate the remotely piloted aircraft system over the land authorised at all times and not over any road or roadway;
- ensure that all safety features (which shall include rotor guards on drones) are installed and maintained while in use; and
- cease operation if requested to do so by a Council staff member or representative.

This consent may be revoked at any time.
