

# Application to register no spray zone

## Please read this first

This form will be scanned by electronic equipment. It is important that you:

- use a blue or black pen to complete this form; and
- print clearly.

The no spray zone you are applying for can only be adjacent to your property – i.e. on your side of the road. Please refer to the 'Notes and Conditions' overleaf before filling out this form.

Your permit will be valid for 24 months from the date of issue. You need to re-apply biannually.

A fee is payable on submission of this application. Two marker pegs are included in the application fee but if more are needed (i.e. for large zones) there is a cost per peg thereafter. Please refer to the current fees and charges.

## Applicant details (Please print in CAPITALS)

Title: ☐ Mr ☐ Mrs ☐ Miss ☐ Ms

Name of applicant

Postal address of applicant

Town

## Purpose of application

☐ New permit

☐ Renewal:

Previous permit number

## Compliance options

*The roadside vegetation shall be maintained by the applicant in accordance with requirements as per the 'Notes and conditions' below.*

Proposed methods of control by the applicant:

☐ Mowing / mechanical

☐ Alternative spray

☐ Other (please specify)

## No spray marker pegs

*To help prevent accidental spraying, Council encourages the use of official "No Spray Marker Pegs" to clearly define the extent of the no spray zone. Without official marker pegs installed, Council can only provide a goodwill agreement and will not be responsible for any damage caused from accidental spraying.*

Do you wish to have official no spray marker pegs installed?

☐ Yes, please install official no spray marker pegs

☐ Not required

Please attach an aerial photograph or map clearly showing the position of the proposed no spray zone location, including road name(s), house/rapid number, and adjoining legal descriptions of land serviced. Please indicate the extent of the area you wish to be spray free.

## Notes and conditions

All no spray zones shall be managed in accordance with NZ Transport Agency 'C21: Specification for Vegetation Control' (refer to [www.nzta.govt.nz](http://www.nzta.govt.nz)). By applying for a no spray zone, the applicant agrees to:

- Maintain this area in a tidy state.
- Keep the property frontage free of all pest plants between the property boundary and formed road, and up to 10m from the road reserve into the property boundary.
- Maintain all hedges at least two metres clear of the road.
- Keep property frontages in a tidy condition free of excess roadside vegetation. This includes a minimum of 500mm around any roadside signs, marker pegs, the road edge and drainage channel inverts. The vegetation height should not exceed 300mm above the berm around these areas.

- Maintain any stormwater drainage ditches and keep clear of pest plants and excess vegetation such that stormwater flow is not impeded.

The area to be excluded from chemical control is from the road centerline to the boundary of the applicant's property, and the agreed length of property frontage.

In the instance of the no spray zone property failing to comply with this goodwill agreement, the applicant shall be notified and given one month to bring the property frontage up to standard. If the work is not completed within the allowed timeframe, Council will take action to bring the zone back up to standard at cost to the applicant, and may result in exclusion from the 'No Spray Register' and the area added back into the spraying programme to control pest plants and/or excess vegetation.

The applicant agrees not to vary this agreement without the prior approval of Council.

## Agreement

I/We, the undersigned, hereby declare that the information given in this application is true and correct. I am authorised to make this application in the name of the legal owner and in doing so, accept the conditions outlined in this application.
