## NEW ZEALAND

### *Untouched coastline, bush-cloaked ranges, sparkling fish-filled rivers...*

Rugged ranges, remote coastline, bush-clad valleys – defined by hundreds of kilometres of river. The Tararua District stretches from Mount Bruce to north of Norsewood, and is bounded by the foothills

of the majestic Ruahine and Tararua Ranges, and the shores of the Pacific on the East Coast. The physical presence of Tararua is awesome.

### *In the beginning...*

The Kurahaupo canoe made landfall on the Mahia Peninsula; the three principal chiefs on board were Ruatea, Whatonga and Popoto. Rongomaiwahine of the Mahia Peninsula, one of the descendants of Popoto, married Kahungunu, a descendant of the Takitimu aristocracy. Their marriage was the beginning of the Ngāti Kahungunu of Hawke's Bay.

Whatonga established himself near Cape Kidnappers, and built himself a house, which he called 'Heretaunga'. Whatonga's son, Tara, who was born in Hawkes Bay, finally made his home in the Wellington area. His name is commemorated in many places from Napier through to Wellington. From Whatonga's second marriage was born Tautoki, who was the father of Tane-nui-a-Rangi, or Rangitāne as he is more commonly known.

Tara's descendants, the Ngai-Tara, and the Rangitāne people eventually peopled many parts of the Heretaunga, Central Hawke's Bay, Tararua, and Wairarapa areas. The pre-European history of the district tells of a vast primeval forest with clearings occupied by Māori.

European settlement within the district started in 1854 when the first sheep were driven up the coast from Wellington to establish coastal stations, but access to this area remained almost entirely by sea until well into last century.

There are some great communities waiting to be discovered in Tararua. Each has a unique identity, story to tell and experience to share. From the hardship tales of the Scandinavian settlers who felled the Seventy Mile Bush, to the pioneers who established farming on the district's rugged east coast at Herbertville and Akitio. These communities are one of the elements that make this district unique in New Zealand.

Around 95% of Tararua's 400,000 hectares is farmed and the district has a reputation for producing high quality stock. Sheep, beef, and dairy are the most significant types of farming, representing 90% of all holdings and accounting for 99% of total stock units. Forestry is a growing industry and there are now more than 13,000 hectares planted in pinus radiata.

Pastoral farming continues to be the major economic sector within Tararua.

***Tararua is a unique, proud, and diverse district of rugged unspoiled landscape***

### Building

Building fees and charges are charged under the Building Act 2004. Building infringements are determined by statute and can be found in the Building (Infringement Offences, Fees and Forms) Regulations 2007. The Building Research Association of New Zealand (BRANZ) levy is charge under the Building Research Levies Act 1969. The Ministry of Business, Innovation and Employment (MBIE) levy is charged under the Building Levy Order 2005.

<b>Building advice</b> Application and compliance advice	no charge

### Building consent applications

#### Government levies

Certain building consent applications must pay government levies in addition to Council's building consent fees below. We collect the levies and pay them to the Building Research Association of New Zealand (BRANZ) and the Ministry of Business, Innovation and Employment (MBIE). The BRANZ levy is \$1.00 per \$1,000.00 for building work valued at \$20,000 including GST or more. The MBIE levy is \$1.75 per \$1,000.00 for building work valued at \$20,444.00 including GST or more.

<b>Building research levy</b>	\$1.00 per \$1,000 value or part thereof for project valued at \$20,000 or more
<b>MBIE levy</b>	\$1.75 per \$1,000 value or part thereof for project valued at \$20,444 or more

### Building

#### Accreditation fee

All building consent applications must pay a Council accreditation fee, in addition to Council's building consent fees. To issue building consents, we have to meet certain standards set by the government (accreditation). This fee helps to cover the cost of meeting those requirements (Building Accreditation of Building Consent Authorities Regulations 2006).

Accreditation fee	per consent application	45.00
-------------------	-------------------------	-------

#### Building fees

All our fees are "deposits" unless we identify them as "fixed". This means we may charge additional fees if necessary to cover the actual time involved. Our fees are set at 100% of the average time involved. But, if you have a large or complex building project, you should budget to receive additional fees on top of your deposit.

You'll need to pay all your levies and fees at the time you lodge your application. If we need to charge you additional fees, you'll need to pay those before we can provide you with the approved consent or code compliance certificate.
