3. Submission details (Please use and submit additional pages as necessary)

The specific provisions of the proposed plan change that my submission relates to are (please give details):

ruler relating to provide a more effective way of managing 'identified community eyesores' (eg derelict buildings, properties and vehicles)

My submission is that:

(State in summary the nature of your submission. Clearly indicate whether you support or oppose the specific provisions or wish to have amendments made, giving reasons.)

I endorse and support any amendment specifically addressing the issue of community 'eyesores'. Old derelict buildings of no commercial or cultural value need to be removed. In the Dannevirke area yards have old vehicles etc. of no obvious commercial value and visible from road ways, these vehicles etc need to be removed. The overall negative image given by this 'litter' gives the otherwise beautiful area an untidy look and therefore reflects badly on the council and residents.

I seek the following decision from the Tararua District Council (please give precise details, use additional pages if required):

Proposed to allow council to issue notice for removal at owners cost of derelict buildings, scrap vehicles etc.

I have included (insert number) additional pages.
